**Sub: 5,00,000 HHPA (151 KLPD) Brewery Project by M/s S.S. Breweries (P) Limited near village Bhondsi Tehsil Sohna district Gurgaon, Haryana-clarification reg.**

**Sir,**

This has reference to your letter no. nil dated nil received in the Ministry on 4.7.2009 seeking clarification regarding applicability of the Environmental Impact Assessment Notification, 2006

2. The proposal was placed before the Expert Appraisal Committee in its meeting held on 15-16<sup>th</sup> September, 2009. The Committee noted that the process involves milling of raw material, mashing, lautering, fermentation of starch and maturation for converting sugar into alcohol & CO<sub>2</sub>, filtration followed by bottling. The Committee also noted that no distillation process is involved and there is no generation of spent wash. The waste water generated will be treated in the effluent treatment plant for primary secondary and tertiary treatment. The treated effluent will be used for green belt development.

3. In view of the above, the Committee decided that the breweries projects do not attract the provisions of EIA Notification, 2006. The Ministry has accepted the decision of the Expert Appraisal Committee-2 (Industry). However, you may obtain Consents under the Air and Water Acts from the State Pollution Control Board.

4. This issues with the approval of the competent authority.

Yours faithfully,

(Dr.P.L. Ahujarai)  
Director
