

Professional and Special Services

The National Afforestation & Eco-Development Board undertakes special studies on important issues relating to policy formulation, programme implementation, etc. The Board engages expert professionals for taking up these assignments.

During 2006-07, an amount of Rs. 0.10 Crores under Rest of India has been proposed for undertaking studies on areas like, eco-development, reorientation of existing programmes, agroforestry models, incentives structured in Action Plan to increase forest and tree cover, etc.
